

Marqeta Expands European Footprint with New Warsaw Office

June 28, 2024

Global modern card issuing platform Marqeta today announced the opening of a new office in Warsaw, Poland. This strategic expansion underscores Marqeta's commitment to accelerating its card program management capabilities across Europe.

Marqeta has been processing transactions in Europe since 2019. The Warsaw office will serve as a springboard for further growth, leveraging Polish talent to deliver Marqeta's comprehensive card program management services to a wider European audience.

Marqeta's card program management solutions encompass a full suite of capabilities, including industry-leading risk and compliance services, dispute management, card fulfillment, cardholder web components, and robust cardholder support options.

This expansion strengthens Marqeta's position as a leading provider of modern card issuing solutions, enabling European companies to navigate the complexities of card program development and operation.
