

AuditBoard Earns Top Marks in G2 Fall 2024 Grid Reports, Solidifying Leadership Position in Risk Management Software

October 4, 2024

AuditBoard, one of the leading cloud-based platforms for managing audit, risk, ESG, and information security, has secured a clean sweep of leadership positions in six categories of G2.com's Fall 2024 Grid Reports. This recognition comes as AuditBoard surpasses 1,000 customer reviews on G2.com, further solidifying their position as a trusted partner for risk management solutions.

AuditBoard maintained its leadership positions in both Audit Management Software and Enterprise Risk Management Software (previously GRC Platform) for the 20th and 19th consecutive quarters, respectively. Additionally, the company earned Leader distinctions in Third-Party Risk Management (sixth consecutive quarter), IT Risk Management (fourth consecutive quarter), and ESG Management Software (fourth consecutive quarter).

These accolades reflect the significant business value customers experience by leveraging AuditBoard's connected risk platform. The platform empowers organizations to strategically manage risk across their entire enterprise. This value is further elevated by recent enhancements to AuditBoard Analytics, Risk Appetite, Organizational Hierarchy, and Aggregate Scoring features. These improvements aim to increase efficiency, enhance collaboration, and strengthen the rigor and intentionality of GRC programs.

"We are incredibly grateful to our customers for the passion they've shown by submitting over 1,000 AuditBoard reviews on G2.com," said Tom Schmit, Chief Revenue Officer at AuditBoard. "The customer input we receive helps us drive continuous innovation and assure we are providing purpose-built solutions that exceed our customer's expectations and anticipate their future needs."

This leadership recognition in G2's Fall 2024 Grid Reports underlines AuditBoard's commitment to providing best-in-class risk management solutions that empower organizations to make data-driven decisions and navigate today's evolving risk landscape.
